Dear Brothers and Sisters!

Salaam Alaikum!

This booklet will help us learn how to write the Arabic letters.

Each page features the Arabic letter with its name and a simple Arabic word which starts with that letter. There is also a picture to go with the word you will learn.

Be sure to practice writing the letter in the space which we have given and when you are done and you know the letter and how to write it, you can then color in the picture!

As you go through each page at home or in class, be sure to learn the information on each page and when you are done learning, spend some time to color in the picture on each page!

Use your imagination and using different colored crayons or pencil crayons, carefully color in each letter – but be sure to also learn what is on each page!
