Dear Brothers and Sisters!

Salaam Alaikum!

This booklet will help us learn eleven of the common sayings which we as Muslims use on a daily basis.

With the help of your mom and dad or teacher, you will learn what each of these sayings means and when we use them.

As you go through each page at home or in class, be sure to memorize the saying in Arabic and is English translation and when you are done learning, spend some time to color in the words on each page!

Use your imagination and using different colored crayons or pencil crayons, carefully color in each letter – but be sure to also learn what is on each page!
