Forty traditions on The Holy Quran

Introduction

In the preface of this book ﴿Forty traditions on The Qur﴿an﴿ , I feel it is relevant to have a brief discussion about The Qur﴿an itself . However the most difficult task for the earthly mankind , the pens and frail statements of human being , is to talk a bout the divine word of "God" . Truly what is The Qur﴿an? If we catalog all the Prophetic traditions we read about the word of "Allah" , we will have an expanded article to the extent of the vast ocean of traditions of the Messenger of God and the progeny of His messenger [peace be upon them] regarding the Qur﴿an and the truth and different dimensions of it . Truly choosing one verse and forty traditions from such a deep and infinite treasure is rather difficult task . The comments in the body of traditions about the divine revelation and The Qur﴿an are so deep , stylish , agreeable and encompassing . The followings are descriptions that have been carefully chosen from the body of traditions on the Qur﴿an . According to the instructions of the guardians of religion , the Qur﴿an is the word of God . It is the shining glory of God and glorious word of Allah . It is an indicator to the path of God and the law of God . It is a creative prescription and the sign of mercy of the Lord to the mankind . The Qur﴿an is a sign of magnificence and glory of Allah and his immortal miracle . The Qur﴿an is the savior , the book of lessons , instruction and explanation . The Qur﴿an is the book of guidance which shows us the right path . The Qur﴿an is the book of glad tidings and forecast , monotheism and sermon , notice and morality . It is a kind of glory without any darkness and a kind of conveyance without obliquity and it is an endless treasure . The Qur﴿an is the book of science and precepts and the history and historical analysis . It is the book of politics , government , reasoning , policy and thinking . It is the book of peace and jehad , the book of origin and resurrection , the book of creed and belief . It is the companion of mankind in the darkness of ignorance and guidance of human being in the misleading paths of life . It is the book of scale , installment , justice , conviction , the right way and the straight path . This book repeats the conditions of formers for future comers . It promises salvation and deliverance , honor and pride to those who are righteousness and believers . It is the book of invitation and growth , virtue and goodness , life and solitude . The Qur﴿an is the book of appearance and hidden , the book of this world and the next word . The book of nature and beyond of nature : the book of mysterious and witness : the book of God and
