NOOR-E-IMAAAN

ENGLISH TRANSLITERATION OF
POPULAR NAWHAS, MARSIAS & MUNAJAAT

VOL I
(Parts 1, 2 & 3)

In the Name of God, the Compassionate the Merciful

Noor-e-Imaan has been specially compiled for those reciters who are unable to read the usual *Marshiya* books available in Gujarati or Urdu. It was this that initiated us in November 1982 to publish the first 500 copies of Part 1. With its growing popularity, by 1984 a total of 10,000 copies were published in three parts.

Once again we are pleased to present this new edition in which all three parts have been combined into one volume. Due care has been taken to correct previous printing errors.

It should be noted that when reciting it is not to be read in 'usual English' i.e. the English vowel is irrelevant and 'A' would sound as 'A' and not as 'E'.

Presently a cassette is also being prepared to assist the reciters in learning the *Marshiyas* and will Inshallah be released as soon as it is ready.

Finally, we wish to thank all those people who have assisted us in the making of this book and pray for their success.
